

Young Athletes Forum Foundation

Dear Sponsors and Exhibitors,

The YAF 2017 will take place on September 21st and 22nd, 2017 in Montreux, Switzerland.

Our aim is to bring together world experts to share advances on Young Athletes health, development and performance in sport. This is the only congress in the world focusing on Young Athletes: how to train them, how to prevent injuries, how to prepare them to become either Olympians or “normal” citizens...

The scientific program focuses on interdisciplinary topics and it will be of interest to many stakeholders: MDs, Physiotherapist, and Coaches...

We have been able to convince about **20 outstanding speakers** worldwide renowned coming from all over the world. Some of them will come with **sport stars** adding to the appeal of the congress for Swiss mass media.

Based on the enthusiasm of all contacted speakers, we are expecting about **500 participants**. We advertise the Congress through medical societies, the olympic movement network as well as medical and sport congress and social media.

We advertise both in Switzerland and abroad.

As you will see, we are providing attractive and flexible sponsorship opportunities. We are open to discuss with you any suggestions and additional ideas you may have.
